

Could your organisation cope with the unexpected?

Biscon Planning have delivered Business Continuity Management solutions to housing associations of all sizes across the country, and to the National Housing Federation

The benefits we bring include:

- Continuity of critical services for tenants
- An understanding of the different communication needs of tenants, staff and stakeholders
- Planned recovery of ICT, taking into account data security
- A full awareness of your social responsibilities and regulatory requirements
- Fixed price projects with a discount for members of the National Housing Federation
- Delivery in line with the British Standard for Business Continuity, BS25999
- Review and testing of existing arrangements, for example following a merger
- Consultancy for BS25999 registration
- Supply Chain audits
