

Discover the power of collective procurement in challenging times.

PfH already delivers savings of 15-20%, but despite the current economic challenges, you can now benefit even more. As suppliers focus on securing public sector contracts, PfH is using the resulting increase in its collective buying power to negotiate even better agreements for you.

Your national procurement consortium delivers:

- an expanding range of EU compliant agreements;
- a sustainable supply chain with 60% small and medium sized businesses;
- professional contract management and advice from the sector experts; and
- added efficiencies through a new eprocurement service.

To find out more about the efficiencies you can gain, call PfH on **01457 891906** or email info@procurementforhousing.co.uk.
